

May 19th, 2020

Dear GDCA Members and 2020 Central Division National Specialty Attendees,

The GDCA has important information regarding your hotel reservations at the host hotel, the Decatur Conference Center Hotel. All reservations will be automatically cancelled, and deposits will be refunded. The hotel will begin processing refunds as soon as possible. Please be patient in this matter as they too are severely affected by the pandemic. The Host Hotel hopes to have them processed within the next few weeks with the limited staff they have as they are closed as well.

If you have made your reservation through Expedia or any other third-party booking site such as Expedia, you must cancel your reservation yourself. The hotel cannot refund such reservations.

The GDCA would like to thank the Decatur Conference Center and Hotel for their willingness to work with the GDCA not only by hosting our event but also understanding the need to cancel. I would encourage participants to thank them on their Facebook page or other websites.

We will keep everyone updated as time passes on when and if other events are being rescheduled. There are many factors to consider and implement for each event and in the next month or two the GDCA will communicate these through Constant Contact to our membership, and our Facebook page as we have more details.

Wishing you the best of health,

Jason Hoke

GDCA, President
