

GDCA National RV Reservations

NORTH DIVISION 2024

Thursday August 1st is the final day reservations can be made or cancelled for RV Parking at the Kalahari Resort. There are no other campgrounds open for the full week of Nationals so if you are wanting to bring your motorhome to the Kalahari and stay on site, please make sure you go to the National Store and purchase your RV Reservation by this Thursday - August 1st.

After August 1st we will not be able to add any more reservations, and anyone cancelling after August 1st will not be able to receive a refund.

You will be allowed to sell your space to someone else if you cannot attend, however you will be required to contact Kymm Cowley at kemac.greatdanes@hotmail.com OR Jon Finck at bully200@gmail.com to give them the same reservation information from the buyer that you provided when you made your reservation. Any financial arrangements involved if you sell your space will need to be completed privately between you and the buyer.

Anyone showing up in an RV without a reservation will be required to leave the property. We have been told that the Kalahari will not allow ANY RV's to be on site, even just during the day for judging or functions, during that week that have not purchased RV Parking through the National Store.
